

Wahana Visi
Indonesia

a partner of World Vision

Annual Review 2014

Organization Identity

Wahana Visi Indonesia (WVI) is a Christian humanitarian organization committed to work with the most vulnerable children, families and communities to overcome poverty and injustice. WVI is a local partner of World Vision Indonesia that serves all people regardless of religion, race, ethnicity and gender. In 2014, WVI has served more than 90,000 children in 54 areas, 8 provinces through sustainable transformational development programmes.

Around 13,000 children from 12 areas have been supported by thousands people from Indonesia who joined in Child Sponsorship Program. Thousands sponsors and donors from various country have also supported children in other areas of Indonesia by joining in this World Vision's Child Sponsorship Program.

Core Values

- We are Christian
- We value people
- We are partners
- We are committed to the poor
- We are stewards
- We are responsive

Vision statement

Our vision for every child,
life in all its fullness;
Our prayer for every heart,
the will to make it so.

The Impact of Our Ministry

It is truly wonderful and joyful to witness positive changes happen within the communities we serve. How less-than-six-months-old babies get exclusive breast milk, how children have their education saving accounts, and how lots of families have adequate latrines. They are the reasons Wahana Visi Indonesia has been serving in this country through 54 development programme areas, helping more than 90,000 children all this time.

The commitment to always do our best should be a shared DNA among us. If we time-travel to the past, our ministry started with limited scope and minimum budget. Today, both the scope and resources have multiplied and kept on growing. Undoubtedly, this needs to go hand-in-hand with the quality of our work to bring greater impacts for Indonesian children.

All the programmes and efforts we have put so far are only possible through the support of caring sponsors and donors nationwide and abroad. We greatly value their sincerity and trust. Thank you to all sponsors and donors who have been supporting us to this day.

Many things still need to be done to fulfill our vision of seeing children live in all its fullness. The spirit to create better ministry for children and society is unstoppable. May God keep showering us with His wisdom and strengths - to enable more transformations to keep on going and bring welfare for our country. Let all the children live a life to its fullest.

Ruddy Koesnadi
Chair Board of Trustees Wahana Visi Indonesia

Spirit of Giving the Best Service

2014 was a year full of changes for Indonesia. The new President was elected this year. At the same year World Vision Indonesia also selected the new National Director to continue the sustainable programmes for children, families and communities.

In the midst of many amendments, our commitment never changes. We keep working to give best service and assistance for children and society. We give high appreciation to Wahana Visi Indonesia, our local partner, that has successfully achieved the Millennium Development Goals Award in 2013 for Green School program in Sambas, West Kalimantan and Character Education program in Kulababong, Sikka, East Nusa Tenggara.

We commit to bring the effective, creative, and synergic program to fulfill the needs of Indonesian children and society to make them live life in all its fullness.

Doseba T. Sinay

National Director of World Vision Indonesia

Programme Report

In 2014, Wahana Visi Indonesia implemented 54 Area Development Programmes (ADPs) in 8 provinces in Indonesia. There will be 6 more areas that are being prepared in 2015. This year we also responded to four declared emergency response of which three were in location outside our regular programming areas. Wahana Visi Indonesia keeps its contribution toward child well-being in six child well-being priority areas:

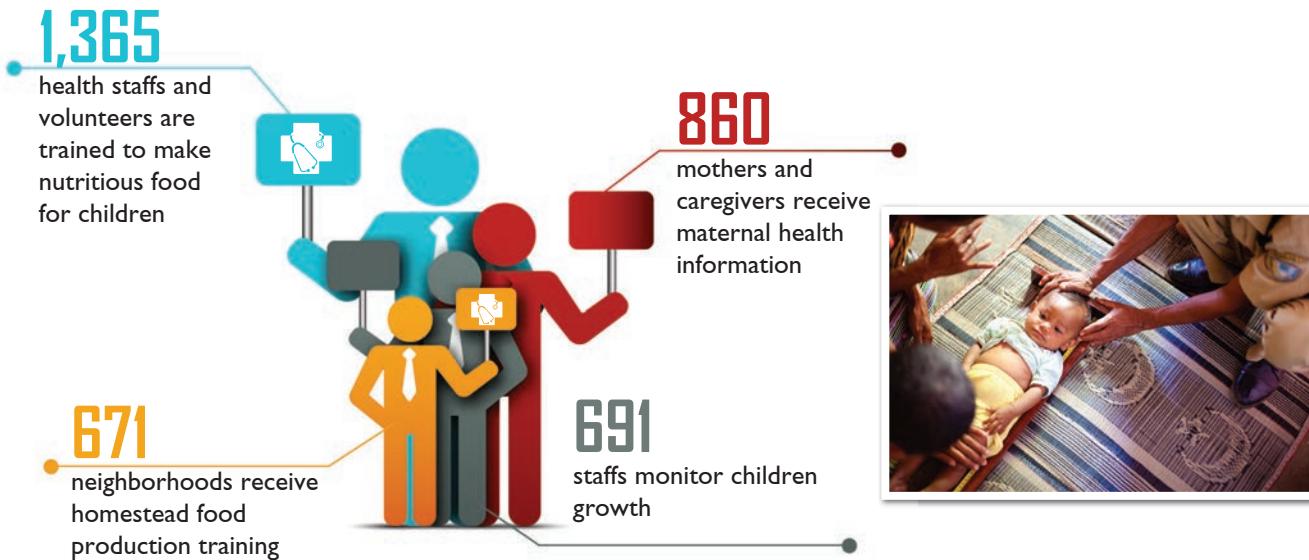

1. Nutrition
2. Prevention of Injection, disease and injury
3. Education
4. Adolescent Readiness for economic opportunities
5. Loving and safe families and communities
6. Parents or caregivers provide well for their children

I. CHILDREN ARE WELL-NOURISHED

Wahana Visi Indonesia targets the society to embody Child Well-Nourished. Community-based rehabilitation for undernourished children is an excellent programme applied in many ADPs. Through 22 local Integrated Health Post, WVI educated local society to make nutritious food for their children that their growing process could be monitored.

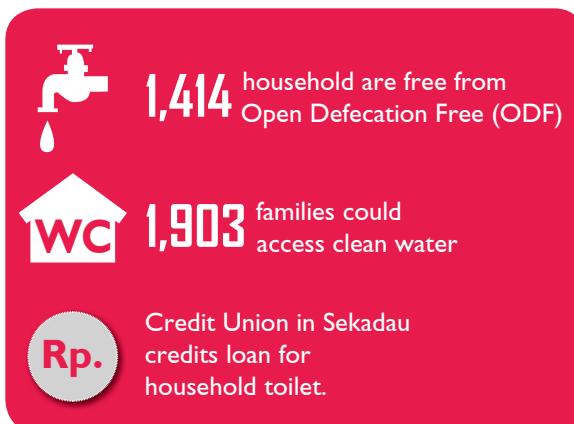

“Previously, I didn’t understand anything about the importance of early breastfeeding and exclusive breast milk for babies. But World Vision comes and gives me an understanding how important exclusive breast milk for babies. Now, I start to breastfeed my baby. Her weight is increasing. She gets the normal weight like other babies do.” said Dahlia from Cipinang Melayu.

2. CHILDREN ARE PROTECTED FROM INFECTION, DISEASE AND INJURY

Diarrhea dan **pneumonia** are two major causes of death among Indonesian children-under-five. Moreover, the high number of child death caused by HIV increased in these last two years. WV's health programmes focus on preventing and managing diarrhea and acute respiratory system infection in the children including HIV prevention among pregnant women and young people.

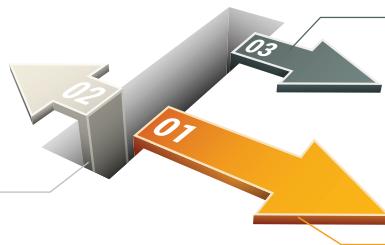

3. CHILDREN ACCESS AND COMPLETE BASIC EDUCATION

Education program of WVI target on basic education and Early Childhood Care and Development (ECCD) and aim to increase reading & writing ability and life skill of children. The programmes are implemented in **24 ADPs** in Indonesia through these three following approaches:

To train teacher and education staff in developing contextual education including local character building.

To strengthen community-based Early Childhood Care and Development.

To create child learning group based on PAKEM model.

Total number of children who get basic skill and education.

Millenium Development Goals Award

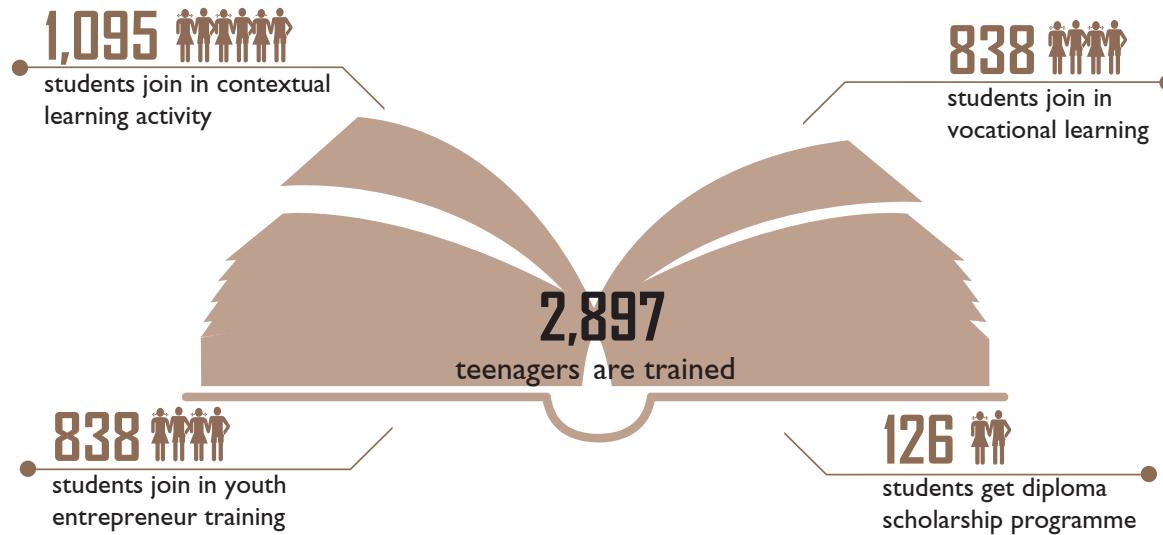

This year we received national recognition for our efforts with two Millenium Development Awards from the Indonesia government for our programs in Sambas and Sikka. Sambas ADP was recognised for achievement in the Civil Society Category (Green school) and Sikka ADP was recognised in the Local Government Category for Kulababong Character Education.

4. ADOLESCENT READINESS FOR ECONOMIC OPPORTUNITIES

Wahana Visi Indonesia opens the opportunities for teenagers through approaches based on skill to prepare them in economic challenge through contextual learning, vocational learning, youth entrepreneur, and diploma scholarship programme.

5. LOVING AND SAFE FAMILIES AND COMMUNITIES

Children's relationship with others, particularly families and the social, political, spiritual, physical and environmental context in which they grow are important determinants of well-being.

Wahana Visi Indonesia's programmes promote child participation through peer education and child group in 23 ADP.

10,252 parents and caregivers
get training about how to teach others
without any violence.

"I used to drink alcohol when I had many problems. But after joining with Child Group initiated by World Vision, I stop drinking and smoking. If there is no child group, maybe today I have been jailed like most of my friends," said Nuri Andriansa, 16.

15 regencies

are urged to make **Child Friendly City**.

7 tribes dan **14 villages** decrease
↓ the **cost of dowry** and transfer it for
education fee and **health cost**

6. PARENTS AND OR CAREGIVERS PROVIDE WELL FOR THEIR CHILDREN

The sustained well-being of children depends on the well-being and security of families and households, communities and the broader systems and structures that make up our society. That's why we priorities parents or caregivers providing well for their children. Our efforts include strengthening household economic management and increasing household savings, improving family food security and supporting smallholder farmers to sustainably improve income through better engagement with markets.

3,592

farmers engaged in collective marketing

1,580

farmers increased
their income

171,17%

"Now, many farmers could send their children to the higher education even to the college. Previously, it was impossible to take children to school before we joined in this chain marketing program," said Donatus, 38, the member of chain marketing group to the marketing facilitator.

EMERGENCY RESPONSE

Since 2014 Government Indonesia has led paradigm shift from emergency response to disaster risk management. This year we involving 4,275 children in disaster simulation exercises in school and villages.

4,275 children joined in:

1. Disaster risk management
2. Evacuation plan
3. Emergency simulation
4. Tree-planting programme.

HERO

Strengthening Posyandu at Surabaya

The representative of PT. Hero Supermarket Tbk visits Posyandu and monitor the way cadres make healthy food for infant and under-five children.

Realizing the importance to increase mother and child health, PT. Hero Supermarket Tbk. works with WVI to do a strengthening program for Posyandu (Integrated Health Post) in Simokerto, Surabaya, East Java.

This program is part of series activities to increase the service of Posyandu like providing supplementary food, counseling for pregnant and breastfeeding mothers, health service and training for Posyandu cadres.

The strengthening program for Posyandu has been started in early 2014, as the implementation of KASIH program, a HERO's commitment for the healthy Indonesian children and mothers.

Yamaha

Clean water for Balane children

Working with Yamaha and local government, WVI develops a system to provide clean water for people in Siantan Tengah, an area that is close to Pontianak, in West Kalimantan. The Yamaha water purifying machine can produce 8,000 liter of clean water per day that is enough to support the hundreds of family need of clean water.

The inauguration of the water purifying program was attended by Pontianak Mayor Sutarmiji, Yamaha Motor's President Director Tsuneji Suzuki, Wahana Visi leaders, and Cahaya Bersama Self Help Group, who manages the program.

This is an installation of clean water purifier. With this installation, it is targeted to produce 8 meters cubic per day in Balane area. The rest of production will be shared to other nearest areas.

Thank you sponsor! Now, we can easily take a bath and drink clean water as much as we want.

The Body Shop Indonesia

Partnership program from The Body Shop Indonesia for Education

In line with the vision of The Body Shop (TBS) Indonesia that is defending basic human right, this year TBS Indonesia works with WVI in supporting children right to get education. By purchasing a certain product in all TBS Indonesia outlets in the period of December 2013 to April 2014, customers have contributed to donate for children education in Landak and Sambas in West Kalimantan. The total donation of 455,090,395 rupiah is used to purchase school uniform and other school needs for students in Landak and Sambas. Besides, the donation is also used to support people affected by Mount Sinabung eruption in North Sumatera, flash flood in Manado North Sulawesi, and Mount Kelud eruption in East Java.

The Body Shop Indonesia cares of education for children in Indonesia's remote areas like Landak and Sambas, West Kalimantan. Suzy Hutomo, CEO of The Body Shop Indonesia (left) give donation to Grace Hukom, Chief of Wahana Visi Indonesia Foundation (center).

Pacious Pancake

A dedication for Child Education in Indonesia

The donation of Pacious Pancake of 101,025,000 rupiahs has been used to purchase 1,000 bags for 1,000 elementary school students in North Halmahera. Pacious Pancake has donated 2,500 rupiahs for each product purchase of 200,000 rupiahs. Customers of Pacious Pancake can also buy donation coupon in each Pacious Panacake's outlet. The social activity is held in line with Pacious Pancake's fifth birthday.

Pacious Pancake cares of the education for Indonesian children. Through Preciously Pancake program, Pacious Pancake gives donation to children in North Halmahera for purchasing bags and school kits.

Hope Ambassador

Sidney Mohede & JPCC team lead praise and worship session in GBI Tabgha, Batam.

Gratitude Night for Indonesian children

This is the 4th year christian singer Sidney Mohede supports the ministry of Wahana Visi Indonesia. Through gratitude concert in Balikpapan, Surabaya, and Bali, Sidney encourages attendants to care and join Child Sponsorship program.

"I believe that all people, including young people, can contribute for the better world. We should be grateful for all that God has given to us. It's time to be blessing for Indonesia. Through WVI we has a chance to make difference for the next generation," says Sidney, who becomes child sponsor and Hope Ambassador for Wahana Visi Indonesia.

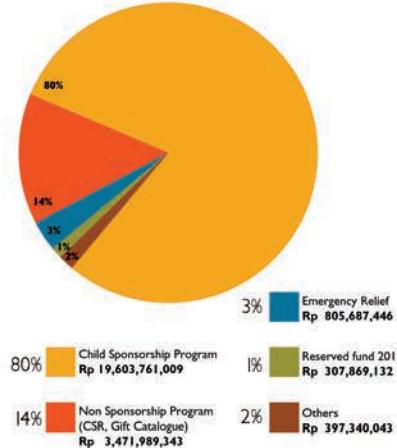

Sponsor visit to South Central Timor and Sikka

It was a memorable journey for 20 sponsors who visited villages supported by WVI in South Central Timor District in East Nusa Tenggara. The sponsors also visited villages in Sikka in Flores island in East Nusa Tenggara Province. They had a deep impression in children's life experiences to get proper education. Care for others is a very important contribution to develop young generation to grasp the better future.

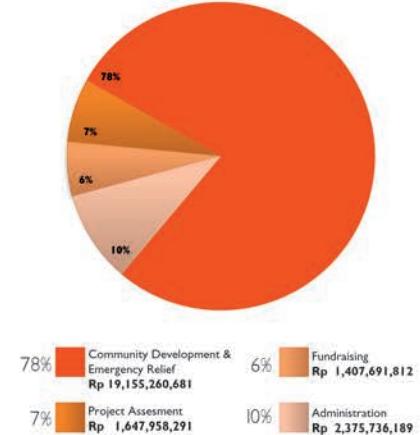

Sidney Mohede, Hope Ambassador of Wahana Visi Indonesia was in the midst of Sikka children and society when he joined in sponsor visit held in Doreng village, Sikka, East Nusa Tenggara.
